KAVIYA S

AI FULL STACK DEVELOPER

Chennai, Tamil Nadu, India | 6380053398 | kaviyaskavi88@gmail.com | https://github.com/kaviya-ux | LinkedIn

PROFESSIONAL SUMMARY

Aspiring BCA graduate and Full Stack Developer with hands-on experience in React.js, JavaScript, Python, Django, HTML5, CSS3, Tailwind CSS, MySQL, and REST APIs. Skilled in developing responsive, user-friendly web applications using component-based UI, React Hooks, state management, and modern frontend technologies. applying modern UI design, responsive layouts and problem-solving skills, and continuously enhance my expertise in modern full stack and AI technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, React Hooks, React Router DOM
Backend: Python, Django, MySQL
API: Axios, JSON, REST API
Tools: VS Code, GitHub, Postman, Microsoft Office, Eclipse
Soft Skills: Problem Solving, Communication, Time Management, Creativity
Generative AI : LLM , Open AI, Prompt Engineering

PROJECTS

Paris Elegance — Travel Experience Platform

Technologies: React.js, JavaScript (ES6+), JSON, Tailwind CSS, React Hooks, React Router

- Built a full-featured travel planning web app for Indian tourists visiting Paris with 13+ routed pages, including an interactive Journey Planner generating personalized itineraries with live cost estimates.
- Implemented dual-currency (INR/EUR) pricing and a shopping-basket booking flow using React Context API for global state management.
- Designed responsive layouts, tablet, and mobile devices using Tailwind CSS, supported by AI-enhanced UI development.

Mobile World — Smartphone Information Website

Technologies: HTML5, CSS3, Tailwind CSS, JavaScript

- Built a responsive, multi-page static website enabling users to explore and compare smartphones by budget, performance, camera, and battery specifications across 8+ structured pages.
- Designed category listings, best-specs comparisons, and product detail pages with a scalable folder structure for easy addition of new listings.
- Deployed via GitHub Pages, delivering a fully functional demo with no build tools or backend dependencies.

INTERNSHIP EXPERIENCE

Python Development Intern — Redback IT Solutions Private Limited, Vellore *May 2025*

- Applied Python programming concepts to develop logical solutions , control structures and error-handling techniques
- Practiced HTML/CSS for responsive frontend interfaces and gained hands-on exposure to Django fundamentals.
- Debugged Strengthened debugging and analytics skills by identifying coding errors, testing solutions , and completing practical programming assignments.

EDUCATION

Bachelor of Computer Applications (BCA) | KMG College - 8.80 CGPA — Aug 2023 - May 2026

National Higher Secondary School

12TH, Percentage – 86% — Jun 2022 – Mar 2023

10TH, Percentage –74% — Jun 2020 – Mar 2021

CERTIFICATIONS

- IBM Certificated on Full Stack Web Development
- Internship Completion Certificate — Redback IT Solutions Private Limited

EXTRACURRICULAR ACTIVITIES

- Participated in technical seminars and workshops related to software development and emerging technologies.
- Regularly practiced coding problems and technical presentations to strengthen problem-solving and communication skills.
